

OVERALL APPRAISAL OF THE EIS

If the reviewer wishes to use the Review Checklist to make an overall appraisal of the quality of Environmental Information, this can be done using the table below.

| No. | Review Topic | Grade | Comment |
|-----|--|-------|-----------|
| 1. | Characteristics of the Project | | Fine |
| 2. | Alternatives Considered | | Poor |
| 3. | Location of the Project | | Good |
| 4. | Mitigation | | Very Poor |
| 5. | Characteristics of the Potential Impacts | | Poor |
| 6. | Presentational Issues | | Poor |
| | | | |

Overall Assessment:

Comment: This is a very poor EIS. Data/info is missing, need and desirability not elaborated on.
 No Environmental Management Plan.
 Several environmental issues not discussed.
 Impacts from certain operation/phases not discussed.
 Analysis is poor.
